## Your Appreciation Keeps us Motivated...

 School students Noida  
Abharjeet Singh Chauhan, Alankrita, A.C.

She treats each student as an individual case and accordingly trains him. I am using the word 'training' because many teach but few train students.

Secondly, she bombards students with regular mock tests. My son had five days for maths exam and often she spent six hours with him in those days.

Finally, when I asked my son whether he wants to go to the same teacher Sarabjeet ma'am or another new teacher. To our surprise, my son clearly said that he would go to Sarabjeet ma'am saying 'ma'am thoda strict hai but teaches and clears my doubts by sitting next to me on the sofa...'

I am going to place him under her guidance this year also and hope he will repeat the performance. 7:42 PM

👉 Maths & Science classes by highly professional trainer with 13+ yrs experience...

Hello, good evening to all. Just sharing my experience with career plus run by Mrs. Sarabjeet Kaur for the benefit of parents and students.

A year back, when I enrolled my kid with her, she made a promise that my son will do much better than my expectations in the annual exams. Believe me, he has got very good marks in his paper showing yesterday to our amusement and joy.

She treats each student as an individual case and accordingly trains him. I am using the word 'training' because many teach but few train students.

👋 Hello everyone,  
🏆🏆 After a 100% successful...sr

I take this opportunity to show my gratitude towards sarabjeet ji. She is doing a commendable job. In today's scenario where everything is getting commercialized including our education system, she is one such teacher who is doing full justice to her profession. I thank her for not only guiding my son to get good results in maths but also motivating and inculcating in him the desire to excel in academics. I wish her all the best and may she continues to get such good results. 1:24 PM

Hello everyone,  
🏆🏆 After a 100% successful session ...2

I sincerely recommend career academy as the teacher Mrs.sarabjeet is one of the finest [around.my](#) son had maths phobia exactly An year ago but after he enrolled with career academy , this year he not only scored 90% but also his phobia has gone.many thanks to her. 3:11 PM
